"India has 1 startup per 20000 person, while developed countries have 1 startup per 2000. This means there is an enormous opportunity. Youth Ideathon is the right step towards building a Startup Culture in India."

"Youthideathon has taught students how to navigate through uncertainty to find relevant solutions to problems. It helped students develop skills and traits fundamental to entrepreneurship. Students were encouraged to come up with a solution to a problem that matters to them, and take ownership of their actions."

Ms. Cordelia D'Souza Principal, St. Lawrence International School, Kalyan

 \mathcal{O}

"Youth Ideathon is indeed an entrepreneurial fest witnessing a flood of innovative ideas. I am wonderstruck to see the youth coming up with brilliant and feasible ideas that can be turned into real life business endeavours."

Ms. Alka Kapur Principal, Modern Public School - Shalimar Bagh

"Youthideathon has given a platform to students to express their innovative ideas, develop entrepreneurial mindset and 21st century skills. In order to get ideas and solutions from students, we motivated them to research the grassroots of each problem and directed them to think of concrete and lasting solutions to those problems."
